

# Thick and Thin

## Bronze Radio Return

These bags are carry-on  
And filled with many things  
Like songs you taught me  
On rusty guitar strings  
Buried deep inside  
Are the shirts off your back  
You gave me the meal  
And you only ate the snack  
You handed me more than I could ever pay back[Chorus:]  
So hold on tight  
It's up around the bend  
Before we arrive, let's pretend  
With all my might  
I'll keep walls from caving in  
It's now and always been  
Through times thick and thinAnd when our day arrives  
The stories we can tell  
Of bets we made on cards that never failed  
The pennies we threw down empty wishing wells[Chorus:]  
So hold on tight  
It's up around the bend  
Before we arrive, let's pretend  
With all my might  
I'll keep walls from caving in  
It's now and always been  
Through times thick and thin
