

Emaline

Ben Folds Five

Now, I wish it was last September
So we could lose ourselves in crowds everyday
'Cause Emaline don't walk in time
She's not the same that's all you can say When I've heard enough
I tell myself that we've learned our lesson
But I don't wanna walk away from Emaline They're talking now
Does she know what they're saying?
She's got the air to float above and
I'm sinking into, someone should pay She's dear to me and so expensive
Now, I'm not talking 'bout money
When money talks, I hate to listen
But lately it's been screaming in my ear And when I've heard enough
I tell myself that we've learned our lesson
But I don't wanna walk away from Emaline It only took me one look to understand Emaline
Sometimes, I don't know what she's saying
Sometimes I do, sometimes I don't know what she's saying
But I know, I know, I know what she wants to believe
Now, I wish it was last September Don't let me walk away from Emaline for stupid reasons
Now, I'm talking 'bout money, when money talks, I hate to listen
But lately it's been screaming in my ear Oh, what advice, girls need attention
Or are you different than all mine?
For all it's worth, she's got attention
For people accuse you black and white Now, I've heard enough
I'll tell you what really shouldn't sit here and whine
I'll take you down to see my Emaline, I wish it was
