

Emaline

Ben Folds Five

Now, I wish it was last September
So we could lose ourselves in crowds everyday
'Cause Emaline don't walk in time
She's not the same that's all you can sayWhen I've heard enough
I tell myself that we've learned our lesson
But I don't wanna walk away from EmalineThey're talking now
Does she know what they're saying?
She's got the air to float above and
I'm sinking into, someone should payShe's dear to me and so expensive
Now, I'm not talking 'bout money
When money talks, I hate to listen
But lately it's been screaming in my earAnd when I've heard enough
I tell myself that we've learned our lesson
But I don't wanna walk away from EmalineIt only took me one look to understand Emaline
Sometimes, I don't know what she's saying
Sometimes I do, sometimes I don't know what she's saying
But I know, I know, I know what she wants to believe
Now, I wish it was last SeptemberDon't let me walk away from Emaline for stupid reasons
Now, I'm talking 'bout money, when money talks, I hate to listen
But lately it's been screaming in my earOh, what advice, girls need attention
Or are you different than all mine?
For all it's worth, she's got attention
For people accuse you black and whiteNow, I've heard enough
I'll tell you what really shouldn't sit here and whine
I'll take you down to see my Emaline, I wish it was
