Are We Afraid

Toad the Wet Sprocket

Wasn't it hard?
Did we want penance?
Summer's so long
Colder men when their ice prayer never cameDidn't we fight it?
Weren't we hard?
Holdin' back a friend of mine
All the way come home
Aren't we the ones who never got tired?Wasn't it magic?
The flames rolled and I said "Ok"
Weren't we just asking
Something to come our way?Are we another, were we afraid?
Is there a hope that we'll wait
To walk a time?He's a long road
And I feel like a newborn again
But the night holds on
Hello, I'm comin' homeAhh haa ahhDo we mind waitin'?
Don't be ashamed
Comin' here in the black dark night
And I don't feel so strangeAre we the lady, were we afraid?
Are we the summer?
