I don't want to be alone on the beach,no
Give me Dr. Sun, he's my man
I don't want to be alone on the beach,no
Angel of the night, give him to me
I believe to let a little sunshine in my life
I believe in him and me
My vacation is gonna be a pleasant memory
I will have him everydayI'm gonna do what's good for me
I'm gonna meet Dr. Sun

I share it with the cream of girls
