Headphones

Mounties

I got my headphones on like a seventies hifi
Feelin more connected than unlimited wifi
I got my headphones on like a seventies hifi
Feelin more connected than unlimited wifiI got my headphones on just to keep out the devil
Diggin on the music spin some bass and treble
I got my headphones on like a sideways Mohawk
When we're walkin hand in hand we go headphones and no talkI got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm dead
I got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm deadI like a drum fill proppin up my attitude
I like a pop song sober in the afternoon
I like a chord hanging down when I'm in the nude
Left to the right, left to the right.
I like a rock song drunk when I think of you, when I think of you
I got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm dead
I got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm deadI like a drum fill proppin up my attitude
I like a pop song sober in the afternoon
I like a chord hanging down when I'm in the nude
I like a rock song drunk when I think of you, when I think of youI got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm dead
I got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm dead
I got my headphones on from the minute I'm up til the minute I go to bed
I got my headphones on every day of my life, I'm gonna wear em until I'm dead
I got my headphones
