

Are You Jealous?

Alisha's Attic

Yes it was a love to die for
The monster that you are never scared me
I dared you to dare me
And now you're permanently scarred
Well I'm through with you
Treating me like you do
My heart belongs to someone else now
And I'm a fairy, I sparkle,
Look at my eyes, I'm in love
Are You Jealous?
Are You Jealous?
Are You Jealous?
Are You Jealous?
Don't make me your enemy
Don't make me your enemy
Well I'm just about as happy as I can be
His love is like a waterfall
Wet and bare like nothing all over me
Pure heaven
And he buys me flowers
They don't wilt
He doesn't have temper tantrums
Begging me back
He tells me I'm a princess,
He's the best, I'm in love Are You Jealous?
Are You Jealous?
Are You Jealous?
Are You Jealous?
Don't make me your enemy
Don't make me your enemy
I'm not your enemy
I'm not your enemy Yes it was a love to die for
You never thought I'd leave
Never thought I'd leave
Those heavy arms around my neck
So watch me go
And look at me
I'm satisfied
I'm satisfied

Tell me how do you feel
When you look into my eyes?Are You Jealous?
Are You Jealous?
Are You Jealous?
Are You Jealous?
I'm not your enemy
I'm not your enemy
I'm not your enemy
Are you?
Are You Jealous
Are You JealousDon't make me your enemy
Don't make me your enemy
Don't make me your enemy
(satisfied, satisfied.)
