

# Take What You Need

## Altmodisch

Take my hand sweet darlin'  
Wipe that frown off your face  
I don't love anyone but you know  
No one can take your place but  
Sometimes I worry darlin'  
The way you seem to hoard my love  
Just take what you need  
Don't empty out the store  
Just take what you need  
'Cause I ain't got much more  
Took a stroll in the country  
Some peace of mind to find  
Wire fences everywhere  
No place to rest my mind  
Seems like a shame to me  
The way some people hoard their land  
Just take what you need  
Don't empty out the store  
Just take what you need  
'Cause I ain't got much

Took a look in the paper  
While tryin' to eat a bite  
You know I read the evening news  
And lost my appetite  
Some have the nerve to ask  
For more respect from you and me  
Just take what you need  
Don't empty out the store  
Just take what you need  
'Cause I ain't got much  
Take my hand sweet darlin'  
Wipe that frown off your face  
I don't love anyone but you know  
No one can take your place but  
Sometimes I worry darlin'  
The way you seem to hoard my love  
Just take what you need  
Don't empty out the store

Just take what you need  
'Cause I ain't got much
