

# Fragile Heart

Jewel

If you want my heart  
you have to promise not to tear it apart  
'Cause my heart  
Has been hurt a lot  
And it always seems  
Love is not sweet, like in dreams  
Something falls through  
But I don't want that to happen to me and you

[Chorus]  
So be  
Careful, warning  
Fragile heart

Last Saturday  
We ate dinner at your parents' place  
Last Saturday, you said  
How you feel will not go away  
Well, all the fishes in the sea  
Could not be happier than me

[Chorus]

Only fools believe that  
Nothing changes, nothing leaves  
But I need to believe that we at least  
Will have some dignity  
'Cause everything changes  
Nothing stays the same  
But that's no excuse to be casual  
Or to place the blame  
you have to be careful with me

[Chorus]
