Every Time

The Radio Dept.

Change your mind
We'll drink some other time
One night out
You won't miss out on much

I won't be heald responsible this time
It's not my fault if you don't change your mind

Change your mind
This problem's yours not mine
You always find
Someone to pin things on

Just don't make me responsible this time
It's not my fault if you don't change your mind
