

Mother's Cry (featuring Jah Mali)

Buju Banton

[Chorus]

Once again I'm alone
Facing problems on my own
All alone, I don't know what I've done
The pressure just keep on tumbling down
Lord I brawl, Lord I brawl I know for us the sun shines bright
No matter the crisis well be alright
Keeping our goals in sight
Though the edens gight
Who is our shield and our protector
Take a look cause
