

# You're Gonna See a Lot of Me

[Lisa Ekdahl](#)

I'm gonna get you, I'm gonna get you  
I'll make you love me wait and see  
Both day and night and night and day

You're gonna see a lot of meI'm gonna haunt you, I'm gonna haunt you

    Oh, what a pest I'm gonna be  
    Both day and night and night and day  
You're gonna see a lot of meI'll be the spoon in your coffee

    The knife that butters your bread  
    If I sound a little bit off it

That's because, because, because you've gone to my headIf you're in China, I'll go to China  
    I'll never never let you free

    Both day and night and night and day  
You're gonna see a lot of meI'll be the spoon in your coffee

    The knife that butters your bread  
    If I sound a little bit off it

That's because, because, because you've gone to my headIf you're in China, I'll go to China  
    I'll never never let you free  
    Both day and night and night and day  
    You're gonna see a lot of me
