

# Tonight We Murder

## Ministry

Red hand takes a purple terror  
Love knows these knots  
When we escape from the madhouse  
We will hunt down Tonight we murder Between the battle of pain and hate  
We will mate but not for our time  
We'll to hate and to take to dethrone Tonight  
Tonight we murder Between the pain, the battle of pain  
Love will not untie these knots  
All twisted up and filled with hate  
He will not untie these nuts Tonight we murder I murder  
Tonight we murder
