

Serenity

[Kenny Wesley](#)

VERSE 1:

Why you always cryin', "Woe is me?"

Worryin' complain' how can this be?

So what if you're mad I just want you to grow

Listen very carefully you just got to know

HOOK:

I am your serenity I am your Lord

I am all you need you just got to call

There's no one in this world who can love you more

Keep your mind on me I'll keep you in perfect serenity

VERSE 2:

Friends may talk about you just run to me

Life can be so hard full of tragedy

But you can be sure, yeah I told the key

To all of your blessings only believe

[HOOK]BRIDGE:

There's nothing new under the sun

Stop worrying the victory already won

All things work together for the good, you know?

If you love and obey me I'll show...[HOOK]
