You Saved Me

Ignite

They placed this massive weight upon my shoulders
A pointless barracade
Tried erradicating me in vain, how do I forgive?
When I never wanted to fight this way
And I never wanted these things to changeYou saved me
Now we all sleep tonight
You saved me
I'll never give up this fightUndying dedication, the sacrifice was made
They threw it all up against the wall
Won't let them take you away from me
And I never wanted to fight this way
And my commitment to this won't changeYou saved me
Now we all sleep tonight
You saved me
I'll never give up this fight
In you I confide
To be here by your side
You saved me
I'll sacrificeWhen things get tough
Just like they sometimes will
You fight your way up that hill
Hard times
Let it pass by, stay focused, learn to wait
Bullet proof, keep the faith inside
Success or annihilation
Is the testament I lived
Tried erradicating me in vain
How do I forgive?
Unending admiration, I appreciate these days
And this won't ever changeYou saved me
Now we all sleep tonight
You saved me
I'll never give up this fight
In you I confide
To be here by your side
You saved me
I'll sacrifice
