

Cutthroat (Ukulele Version)

Bobby Meader Music

This isn't a peaceful song
It's just a way to make myself belong
Rendezvous inside my mind
But you deserve moreCause I'll let you down
I'll let you down
You'll be that voice inside my mind
I'll have my cake and I'll eat it too
So fuck all the things you doCause Inside my mind is a constant war
And I don't wanna be myself anymoreYou're so cutthroat when you talk about
The ways that I act out
I acted like I forgot to offer you coffee
Cause I was afraid you'd never leaveCause I'll let you down
I'll let you down
You'll be that voice inside my mind
Don't hold my composure well
Cause not much what I do is nobleCause Inside my mind is a constant war
And I don't wanna be myself anymore
