# I See Good in People (Remastered)

## Titiyo

I see good in people, I see good in people, people
I see good in people, I see good in people, peopleI know you find it hard to believe in
Look around you, take a look around you
I know you find it, oh so relievingLook around you, take a look around you
Look around you, take a good look around you
Look around you, can you see it shining through
Look around you, well I see the good in youI see good in people, I see good in people, people
I see good in people, I see good in people, people
I see good in people, yes I
I see good in people, peopleLook around you, take a look around you
I know you find it hard to believe in
Look around you, got to look around you
And say the words we hardly believe inLook around you, take a look around you
Look around you, take a good look around you
Look around you, can you see it shining through
Look around you, well I see the good in youI see good in people, I see good in people, people
I see good in people, I see good in people, people
I see good in people, I see good in people, people
I see good in people, I see good in people, people
