

In a Crossfire

Bleeding Hearts Syndicate

Supergirl
What you doing here?
Why you stand so near?
Couldnt we just be talking?
Supergirl
Is there something wrong with me?
Youre decent as can be
But I wont let it happen Oh noTheres a weight upon my chest
Like shadows from the past
Im crying
Few seconds from now
Im dyingSupergirl
Knockin on my door
Now youre coming back for more
And I feel like caught in a crossfireNow that the angers gone
I feel ready to come undone
Im crying
Few second from now
No matter who takes the blame
Just something I cant explain
Im trying Yeah
Feww seconds from now
Im dying
