The Things We Do For Dreams

Trinity River Band

So many miles behind me
On the streamers road
A thousand people give me
A million reasons not to go
The odds are stacked against me
Still I ante up again
Though it might be insane
If your heart's not in the game
You have no chance to win

It's the things we do for dreams
The things we do for love
When the world starts playin' rough
You think you've had enough
You've got to toughen up
And I'm throwin' all my pennies
In the wishing well
As crazy as it seems
I'll always believe
The things we do for dreams

I can't learn to fly
If I never leave the ground
And always unbelievers
Will try to put me down
Then the world will pay admission
Just to see me fall
Give me the courage that it takes
To make the leap of faith
To rise above it all

It's the things we do for dreams
The things we do for love
When the world starts playin' rough
You think you've had enough
You've got to toughen up
And I'm throwin' all my pennies
In the wishing well
As crazy as it seems

I'll always believe
The things we do for dreams

It's the things we do for dreams
The things we do for love
When the world starts playin' rough
You think you've had enough
You've got to toughen up
And I'm throwin' all my pennies
In the wishing well
As crazy as it seems
I'll always believe
The things we do for dreams

And I'm throwin' all my pennies
In the wishing well
As crazy as it seems
I'll always believe
In the things we do for dreams
