

The Road Not Taken

Shenandoah

Could've worked for the old man
Could've finished school
No not me, I had bigger plans
 Stubborn as a mule
 I didnt listen to no one
 Thats the way I learned
 I wonder where I'd be now
If I'd only turnedDown the road not taken
 And married the girl back home
 Down the path forsaken
 And not like some rolling stone
 Would I only trade regrets
 If I could retrace my steps
And go down the road not takenGot a box full of pictures
 I dont show my wife
 She wont catch me in a daydream
 Of another life
 Mama's sick and my dad's retired
 I call 'em on the phone
 They tell me where I'd be now
If I'd only goneDown the road not taken
 And married the girl back home
 Down the path forsaken
 And not like some rolling stone
 Would I only trade regrets
 If I could retrace my steps
And go down the road not taken
