Evidence

Jimmy Eat World

Follow you around until it's time
Time to leave
Swimming into the idea of your scene
There all the while proving patiently
I earned to lie by you when you fall asleep
Hang up a sheet
Between our things
Won't have to see
Evidence
Evidence
I watched you put on a dress I'd never seen
Something that begged for East Atlantic breeze
There all the while hated quietly
There, just to see a smile... anything
Hang up a sheet
Between our things
Won't have to see

Evidence
You did what you did
The memory lives
Nothing cleans
Evidence
Evidence
[Instrumental break]Hang up a sheet
Between our things
Won't have to see
Evidence
You did what you did
The memory lives
Nothing cleans
Evidence
Evidence [7x]
