

Need A Man Blues

Bronski Beat

I got those need a man blues
Making me sad
I got those need a man blues I got those need a man blues
Driving me mad
I got those need a man blues
Hurting me sad Sweet, sweet, sweet, sweet
Sweet is the taste of a man
And sweeter still is the taste
Of his sweet tasting love, oh Evil, wicked or angel
Just give me a man
Evil, wicked or angel Need a man blues
Need a man blues
Angel hurting me bad Boys and heroes, lovers and men
Turning me upside down
Again and again, again and again I got those need a man blues
I got those need a man blues
Hurting me oh, so bad And the sweetest thing of all
Is men loving men, loving men, loving men
And the sweetest thing of all
Is men loving men I got those need a man blues
I got those need a man blues
