[Chorus] Hey miss lovely hey miss lovely you better look the other way cus I?ll take the pretty smile and I?ll turn that pretty smile into a frown
he?s so faithful I?m so grateful he belongs to me she?s tried so many times but in the end she always finds that he?s falled to much in love with me I?m losing patience she will be facing me very soon cus if she don?t stop somebody better call the cops cus I?ll come swinging
[Chorus]
hey miss lovely hey miss I love you better look the other way cus I?ll take the pretty smile and I?ll turn that pretty smile into a frown
