Self Aware

(hed) P.e.

big world - big lies
much more than meets the eye
one life - one word
one time we must be heard
this love - this hate
cant go on - cant wait
this lie one told
cant go on - cant grow
this life - this time
we awake - we decide
who's right - who's wrong
this murder cant go on
i'm so alive...alive...i'm so alive...
never ask - never know
who you are
who's in control
fight hard - fight well
the youth know
the youth can tell
these wars - this world
this neighborhood

the greater good?
we awake to what's wrong...
this murder cant go on.
i'm so alive...alive...i'm so alive...
fuck me? no! fuck you!
you gon murder me?
no! i'm gon murder you!
hate me? now i hate you!
respect me - or i wont respect you!
what gives you the right to just
take away my life
i am self aware!!!
i am part of everything
the life that you bring
is not yours to play games with...
fuck you
i am part of everything. the life

that you bring is not yours to
play games with
thank you and goodbye...
thanx for creating me. but...
i'm not down for the abuse
