

Push Me Away (Timster & Flashback One Remix)

Imprezive meets Pink Planet

Tell me something that I don't already know, You made a mistake when you let me go, Your on your knees begging "Baby please Just give me one more chance!" but this ain't about romance I moved on again It's too late I'm over it Its up to your promises And don't ever come back. Tug me close and push me away Don't ask me now I got nothing to say Come over now but I'm finally free Can't hold me back I'm a brand new me! Tug me close and push me away Don't ask me now I got nothing to say Come over now but I'm finally free Can't hold me back I'm a brand new me! Tell me something that I don't already know, You made a mistake when you let me go, Your on your knees begging "Baby please Just give me one more chance!" but this ain't about romance I moved on again It's too late I'm over it Its up to your promises And don't ever come back Tug me close and push me away Don't ask me now I got nothing to say Come over now but I'm finally free Can't hold me back I'm a brand new me! Tug me close and push me away Don't ask me now I got nothing to say Come over now but I'm finally free Can't hold me back I'm a brand new me! Tug me close and push me away Don't ask me now I got nothing to say Come over now but I'm finally free Can't hold me back I'm a brand new me!
