

Another Wasted Nite With...

Common

Say brotha, of you ever let me leave out a club
With a big fat ass, stove-like bitch like that
Without point out the facts
I'ma kick your motherfuckin' ass
Man, that nerve of the hoe not to give me no pussy
Come up in my house tryin' to watch movies and shit
This ain't no motherfuckin' cinema, bitch
Who the fuck she thought I?
Say brotha, I wasted a evening, I shoulda went witcha
But oh well, you know I gets my pussy anyway
You know, that's how playaz do
But Goddamnit, Rashan, that big ass bitch
If you'da said to spread on that hoe
Man, I could kick my own ass
Well, should go to work, just another wasted nite
And oh, oh, hey, hey, what can you say
