

Little Things

Billy Gilman

Little things that you do make me glad I'm in love with you
Little things that you say make me glad that I feel this way
The way you smile, the way you hold my hand
And when I'm down, you always understand You know I love those little things in my ear
That you say when there's no one near
Little things that you do let me know that your love is true
When we walk, you like to hold my hand
And when we talk, you tell me I'm your man You know I love those little things that I hear
The little things you whispered in my ear
I know there ain't nobody else like you
No one could do the little things you do Little things that you do make me glad I'm in love with you
Little things that you say make me glad that I feel this way
When we walk, you like to hold my hand
And when we talk, you tell me I'm your man You know I love those little things that I hear
The little things you whispered in my ear
I know there ain't nobody else like you
No one could do the little things you do
