Little Things

Billy Gilman

Little things that you do make me glad I'm in love with you

Little things that you say make me glad that I feel this way

The way you smile, the way you hold my hand

And when I'm down, you always understandYou know I love those little things in my ear

That you say when there's no one near

Little things that you do let me know that your love is true

When we walk, you like to hold my hand

And when we talk, you tell me I'm your manYou know I love those little things that I hear

The little things you whispered in my ear

I know there ain't nobody else like you

No one could do the little things you do Little things that you do make me glad I'm in love with you Little things that you say make me glad that I feel this way

When we walk, you like to hold my hand

And when we talk, you tell me I'm your manYou know I love those little things that I hear

The little things you whispered in my ear

I know there ain't nobody else like you

No one could do the little things you do
