

# Turn Down the Lights

**Neil Diamond**

I've been up, I've been down  
I've been so turned around  
    That I've seen my fate  
        In the eyes of others  
I've been high, I've been low  
But there's one thing I know  
    There's a lot to give  
When we give to each other  
    So I bring you my song  
        Hoping you'll sing along  
        Turn down the lights  
        Turn up the music  
Let's just be together tonight  
    And turn down the lights  
First we're here, then we're gone  
    But the music plays on  
        From the heart of one  
        To the heart of another  
It's goodnight, not goodbye  
We're just done for awhile  
    We'll be back again  
With some new things discovered  
    And we'll bring you our song  
        Hoping you'll sing along  
        Turn down the lights  
        Turn up the music  
Let's just be together tonight  
    Come turn down the lights  
        So I bring you my song  
        Hoping you'll sing along  
        Turn down the lights  
        Turn up the music  
Let's just be together tonight  
    Turn up the love  
        Bring out the memories  
You and I could share them all night  
    So turn down the lights  
        Turn down the lights  
        Turn down the lights

Turn down the lights
