Baby

Helena Deland

Take off your wig
Oh, let me stare
I'll keep un-cross-dressing you no matter wherePaint my nails
And when they're dry
Undo my hair, you're taking me out for a driveOuh, I can live without
You but I forgot
Cause you're so baby
Take me upstairs
Let's go get down
And if I don't know the tune I'll dance around
Cause you've got ways, you've got ways
You've got ways, you've got ways
You've got ways, I haven't seen on anyoneOuh, I can live without
You but I forgot
Cause you're so baby, you
I can live without
You but I forgot
Cause you're so baby
You've got ways, I haven't seen on anyone
You've got ways, I haven't seen on anyone
You've got ways, I haven't seen on anyoneYou've got ways, I haven't seen on anyone
