

# Rockability

## Hall & Oates

(Standing on the side line, waiting for the right time)  
That girl knows her part, jammin' with my heart  
(Didn't wanna be here but now that I see her)  
I know why I ran and why I'm back again She makes me lose control  
And I do believe the girl can see into my soul  
It shakes me now  
She says, she wants my love  
(Ooh that's too much) Ooh that news excites me  
The girl got rockability  
Think she'll go all the way  
(All the way)  
'Cause the girl's got rockability  
Hey, hey, hey, hey (Ooh she's really out there, so knocked out I don't care)  
That Amazon thing can make the body sing  
(Every move is star time, she's a legend in a long line)  
I want her to be everything to me She makes me lose control  
Oh no when she moves, I wanna fall under her spell  
It breaks me down  
She knows but she won't tell  
(Ooh tell her, I'm the one) Ooh that news excites me  
The girl's got rockability  
(The girl's got rockability)  
Think she'll go all the way  
(All the way)  
'Cause the girl's got rockability  
(Hey, rockability) Ooh that news excites me  
The girl's got rockability  
(Don't look now, the girl's got rock)  
Think she'll go all the way  
'Cause the girl's got rockability  
(Hey, hey) Do her wrong if I can't do her right  
Yeah, I'm makin' my play Now she makes me lose control  
And I do believe that girl sings to my soul  
It breaks me down  
She says, she wants my love  
The girl's got rock Ooh that news excites me  
The girl's got rock  
The girl's got rockability  
(Got rockability)

The girl's got rockOoh that news excites me

(It's shakin' me up and breakin' me down)

The girl's got rock

(The girl's got rock)

The girl's got rockability

(Hey, hey, hey, hey)

The girl's got rockOoh that news excites me

(It makes me lose control)

The girl's got rock

The girl's got rockability

The girl's got rock

(Ooh)

The girl's got rockOoh that news excites me

The girl's got rock

The girl's got rockability

The girl's got rock

([Incomprehensible])Ooh that news excites me

(Rockability)

The girl's got rock

The girl's got rockability

The girl's got rockOoh that news excites me

The girl's got rock

The girl's got rockability
