

# Kill for You (feat. Eminem)

## Skylar Grey

[Intro: Skylar Grey]

Ooooooh

Ooooooh

Ooooooh[Hook: Skylar Grey]

You gon' make make me a believer

Even if that shit ain't true

You gon' make me commit murder

Baby, I'd kill for you

[Verse 1: Skylar Grey]

In my eyes

Even if you are wrong, you are right

Even if there is a terrible crime

It's alright, cause I got your back, and I know you got mine

I belong to the church of your name

Sing a song, cause I worship the ground you walk on

If I pray for you, I know you'll be there[Hook: Skylar Grey]

You gon' make make me a believer

Even if that shit ain't true

You gon' make me commit murder

Baby, I'd kill for you[Verse 2: Skylar Grey]

In my bed I believe every word that you've said

Just a kiss and you make me forget

All the bad, the battles we lost, the bodies we hid

You don't know, just how far I'd be willing to go

You put the cracks into my moral code

So you can count on me to always be there[Hook: Skylar Grey]

You gon' make make me a believer

Even if that shit ain't true

You gon' make me commit murder

Baby, I'd kill for you[Bridge: Skylar Grey]

Oh, Lord, forgive my weary hands

And for what they may do

I'll carry out his evil plans

If he wants me to[Verse 3: Eminem]

In your dream, you're drowning, I just waltzed in and saved you

I'm your alternate escape route, the altar you pray to

Your ultimate savior, your behavior is altered

Ain't your fault cause I made you

Brainwashed and persuade you

Gibraltar, you're faithful, never falter or waver  
When you causing the danger I'm your guardian angel  
Nobody can tell you shit, you've already made your  
Mind just follow me, babe, you  
Won't be sorry you stayed, you  
Always ride, whatever the plan is  
To the end, even if I led us into an ambush  
Even if we robbed the First National and cops caught us redhanded  
They're coming at us, and we're trapped, put our backs up  
Against the wall, and it's too tall  
You catapult me or hold the ladder for me  
Stay back to get captured, take the fall  
You make it all worth it  
Baby doll, you're perfect the way you are  
Accidents happen  
All I know is you love me, that's really all that matters  
And any who cross our paths are just collateral damage  
At your side, got your lateral, back, your front, diagonal Backwards, blackbirds, we attack like animals  
When they threaten what we have it's a natural reaction  
You lay a bitch flat on her back in a second flat for me  
Who tries to take your man from you  
It's blasphemy, another casualty, you'll go whatever route  
Whatever you have to do, you blast for me  
I never doubt that you[Hook: Skylar Grey]  
You gon' make make me a believer  
Even if that shit ain't true  
You gon' make me commit murder  
Baby, I'd kill for you  
\*Gun shot\*
