

You Got Me Hooked

[Mitchel Musso](#)

First time I met you I was dreaming
Tight jeans, pink glasses
So 80's fashion
Dance in the street, nobody sees
Green headband, socks up to your knees
I'm classy, you're clashing 2 inch eyelashes
It's not the scene you're in. No,
It's what I'm seeing under your skin
Yeah, you got me hooked
You got me hooked
You got the look
Yeah, you got me hooked
You got me hooked
You got the look
(oh oh baby)
It's not the outside, it's the inside
That fills my life
My heart is what you took
You got the look (Yo girl, lemme tell you something real quick) Yeah she knows what I'm thinking
My friends know that she's taken
When she's dancing,
She shakes it like Metro Station (Shake, shake it)
I know she gives me plenty
She always understands me
With her I'm never empty
She's always with me
It's not the scene you're in.
It's what I'm seeing under your skin
Yeah, you got me hooked
You got me hooked
You got the look
(oh oh baby)
You got me hooked
You got me hooked
You got the look
(oh oh baby)
It's not the outside, it's the inside
That fills my life
My heart is what you took
You got the look
First time I saw you for who you were
I was sure you were her

Second time I saw you I could see,
You and me were meant to be
First time I saw you for who you were
I was sure you were her (You were her)
Second time I saw you I could see,
You and me, meant to be It's not the scene you're in.
(It's not the scene you're in) No,
It's what I'm seeing under your skin
Yeah, you got me hooked
You got me hooked
You got the look
You got me hooked
You got me hooked
You got the look
(oh oh baby)
It's not the outside, it's the inside
That fills my life (it's the inside)
You got me hooked
You got me hooked
You got the look
You got me hooked
You got me hooked
You got the look (oh oh baby)
It's not the outside, it's the inside
That fills my life
My heart is what you took
You got the look
