Love And Attraction

Darren Hayes

I do not want anyone
Anyone who really wants me everyone that I desire
Wants to be with someone else
I find it so amusing, isn't that the way it goes?
I'm a blimp on someones radar
They don't even catch my eye
I want what I haven't got
Even if it kills me trying
I want her, she wants him, he wants me, I give in
I want her, I want him, I don't want anything
I started questioning, the rules of coupling
This trip has no being it's never ending
Love and attraction
It's like sex and passion
It's two ends of a spectrum
Are you a friend or a lover?
Now pick one or the other
It is not easy to find, anyone who captivates me
Anyone deserving time
Must have some how passed me by
Looking in the wrong direction
She wants him, he wants me, I don't want anybody
And everyone who wants me, it's so amusing
Love and attraction
It's like sex and passion
It's two ends of a spectrum
Are you a friend or lover?
Now pick one or the other
Everybody wants someone to hold
Everybody wants to choose a role
Anybody wants to break the mold
No hint of bravery

Everybody chases and some will deal
Never play a chance though none are for real
Everything falls between the cracks of
Love and attraction
Love and attraction
It's like sex and passion

It's two ends of a spectrum
Are you a friend or lover?
Now pick one or the other
Love and attraction
It's like joy and sadness
It's like peace and conflict
You can chase them forever
Are they ever together?
Love and attraction
Love and attraction
Love and attraction
You can chase them forever
Are they ever together?
Everybody wants someone to hold
Everybody wants to choose a role
Anybody wants to break the mold
No hint of bravery
Everybody chases and some will deal
Never play a chance tho' none are for real
Everything falls between the cracks of
Love and attraction
Love and attraction
Love and attraction
Love and attraction
You can chase them forever
Are they ever together?
