Sex Dwarf

Soft Cell

Isn't it nice, sugar and spice
Luring disco dollies to a life of vice
I can make a film and make you my star
You'll be a natural the way you areI would like you on a long black leash
I will parade you down the high streets
You've got the attraction
You've got the pulling powerWalk my doggie, walk my little Sex Dwarf
We can make a scene, we'll be a team
Making the headlines sounds like a dream
When we hit the floor you just watch them move asideWe will take them for a ride of rides
They all love your miniature ways
You know what they say about small boysSex Dwarf

It's big and it's gold with my dumb chauffeur
Looking to procure, run little doggie
Lure a disco dollyRun my little Sex Dwarf, I feel so lonely
Get my little camera, take a pretty picture
Sex Dwarf, in a gold Rolls
Making it with the dumb chauffeurIsn't it nice, sugar and spice
Luring disco dollies to a life of vice
Sex Dwarf, isn't it nice?
