Thanatophobia

Worn-Tin

Thanatophobia

(1st Verse)

Thanatophobia, You Just a sucker turning dust into dust

And I hate the way it makes you feel

Shuts you down while you throw out the wheel

(Chorus 1)

And I know, It ainâ€™t gonna last

Wit the whole neighborhood growing up fast

Slammed on my brakes, and I came to a crash

And now think thanatophobia

(2nd Verse)

I keep having the same damn dream

It keeps me up, so itâ€™s so hard to sleep

And how the hell am I still here

Iâ€™ve kissed death more than months in a year

(Chorus 2)

And I know, It ainâ€™t gonna last

With the whole neighborhood growin up fast

And I fell on my head, and forgot my past

And now think, thanatophobia

(Solo Break)

(Chorus 3)

AHHHH OOOOOOOOOO x3

AHHHH AHHHH AHHHH

And I know, It ainâ€™t gonna last

With the whole neighborhood growin up fast

And Iâ€™ll say, when your yellin at me Iâ€™ll smile and laugh

And then think thanatophobia

(Chorus 1 Repeat)

And I know, It ainâ€™t gonna last

Wit the whole neighborhood growing up fast

And I Slammed on my brakes, and I came to a crash

And now think thanatophobia
