

Thievery

Far From Alaska

May I have your attention?
I got something to say
Got here in this station
and Someone took my love awayMay I have your attention?
I think I shouldn't be afraid
But in this freaky station,
I saw, you took my love awayNow it's yours
Now it's yours
Now it's yours (2x)Man, if I were you I would run
'Cause my love is tough,
You should hide and disappear (2x)I've lost a little love on a central station
I've lost a little love on a central station
I've lost a little love on a central station (2x)
I've lost a little love
(on a central station)
I've lost a little love
(on a central station)
I've lost a little love
(on a central station) (2x)Now it's yours
Now it's yours
Now it's yours (2x)Man, if I were you I would run
'Cause my love is tough,
you should hide and disappear (2x)
