After Love

Sarah Geronimo

I thought I knew you
I had you down as certainly mine
No doubt about it a love to last forever this timeNow you're gone everything right has turned wrong
My heart is aching how long does it take
For all these scars to healChorusAfter love when all the dreams have flown
Baby, it's hard to be alone making it thru each day
After love why do I see your face
How can I ever fill the space you left inside of meSomeone please help me
I've got to find a way to forget
I'm lost without you that's why I haven't stopped crying yetEvery night just when I think I'm alright
Memories of you I can't fight
Like a stream they rush into my headChorusOoh after the love has gone
