Memory (feat. Rockit & Vinny Noose)

Rockit Gaming

I hear your voice in the monitor and I don't know what to do
But I follow all your rules
(Yeah)
I hear a knock and it's raining outside
I look in those eyes, I'm closin' those blinds
And I'm following your rules
(Yeah)

Night comes
Freddy lets me keep lights on
But I can't stand, there's knocking like before
Bonnie's at the door
Wake up, Foxy just left
Now Chica's creeping on me
I can't sleep anymore
What's she waiting for?
How beautiful the night can be!
I'm never getting any sleep
I'm losing all my sanity
Have you seen what I've seen?
How beautiful the night can be!
I'm living in a memory
I'm losing all my sanity
Have you seen what I've seen?

An infant in a crib
With instructions to help me live
Innocent, what gives?
In the dark and they start
Fall apart can I win?
Resist to quit
Look at the clock; am I caught? Probably not
Many monsters jumping out at me pretending that I'm not afraid
I gotta see if anything is killing me
Stop
Creating all these memories are fading in the dark
Debating with these robots infiltrating 'round the clock
And I thought I lost
And the cradle rocks

Got me stunned
Who can I trust?

Night comes
Freddy lets me keep lights on
But I can't stand, there's knocking like before
Bonnie's at the door
Wake up, Foxy just left
Now Chica's creeping on me
I can't sleep anymore
What's she waiting for?
How beautiful the night can be!
I'm never getting any sleep
I'm losing all my sanity
Have you seen what I've seen?
How beautiful the night can be!
I'm living in a memory
I'm losing all my sanity
Have you seen what I've seen?
