

Mr. Wonderful

Yellow Red Sparks

Fourteen years ago he let you get away
I knew it all along. I knew that you couldnâ€™t stay
And I thought you would laugh and I thought you would cry
Youâ€™re making a mess of this, but so am I

Itâ€™s a shame huh? Your confidant
No you shouldnâ€™t have lied. You shouldnâ€™t have lied
A battle for Mr. Wonderful
No you shouldnâ€™t have lied

Silly little face looking for a chase
Or hoping to embrace the same mistakes
And I called you a crush when it hurt so much
Youâ€™re fulfilling all my fears. Just leave them here.

Itâ€™s a shame huhâ€¦your confidant?
No you shouldnâ€™t have lied. You shouldnâ€™t have lied
A cattle call Mr. Wonderful
No you shouldnâ€™t have lied. You shouldnâ€™t have lied
And Natalie is back out on my street

Fourteen years ago you left who you needed Anne
Baby itâ€™s hard for the best
And itâ€™s all gone, itâ€™s gone, when itâ€™s going, itâ€™s gone
And itâ€™s all and itâ€™s all gone

In another year, another fear, another cheer
You canâ€™t force a Mona Lisa, but youâ€™ll force a Mona Lisa
I never could, I never could, I never could, I never could
