Question

I saw it in her face. When she felt a trace on
a coffee cup. I never realized but I know I should.
Heard it in a song and I read it in a book.
Gonna take a chance or a second look. It doesn't
really matter but its plain to see. Then it all
came back to meI can see it in your eyes. Keeping me alive.
Looks as if I'm here to stay. You're waiting for
the day. When I go away. Looks as if I'm here
to stay. I can see it in your eyes. Keeping me
alive. Looks as if I'm here to stay. You're
waiting for the day. When I go away. Looks
as if I'm here to stayStaring into space. Running out of time
running out of luck. I wanna tell the world that
I'm giving up. Standing on my own steady as
a rock. Gonna take my time till I reach the top.
I never realized but its plain to see. Then it
all came back to me.I can see it in your eyes. Keeping me alive.
Looks as if I'm here to stay. You're waiting for
the day. When I go away. Looks as if I'm here
to stay. I can see it in your eyes. Keeping me
alive. Looks as if I'm here to stay. You're waiting
for the day. When I go away. I can't believe a
word you're saying.I could love you any old time. I'll take a
chance on making you mine. Do you know what
you're putting me through? What can I do cos
it all comes back to you.I can see it your eyes. keeping me alive.
Looks as if I'm here to stay. You're waiting for
the day. When I go away. Looks as if I'm here
to stay. I can see it in your eyes. Keeping me
alive. Looks as if I'm here to stay. You're waiting
for the day. When I go away. Looks as if I'm here to stay.
