I Will Be There

112

I know it's kinda hard to get over someone
And try to start a new, a new relationship
No need to rush 'cause you have all the time in the world
Right now let's focus on how we can make you happyI can feel it when you're hurt, you will never be alone
All those crying days are gone
I'll be here to guide you, baby, I will be right there
And you know I'll always care, oh babyYou can call on me, no matter what the situation
I will be there, put your trust in me
Whenever you need someone I will be thereI know you're broken-hearted, your love is truly over
He left you sad and lonely, now you're feeling empty
You've got to realize he made a big mistake
Leaving you was the worse thing he could ever doI can feel it when you're hurt, you will never be alone
All these crying days are gone
I'll be here to guide you, baby, I will be right there
And you know I'll always be right thereYou can call on me, no matter what the situation
I will be there, put your trust in me
Whenever you need someone I will be thereI'll always be right there, baby, listen to me
And girl, you will see, yeah
That I'm the only one for you
I'll give you whatever you need, whoa, oh
You can depend, girl, I'll be your friendI'll always be right there, whoa, oh
Ooh, you can always count on me, babe, oh, oh
No matter, put your trust
Yes, you do babe, oh, oh, I will always be
And I'll always be thereOoh, those days are gone
Ooh, I will be there just to guide you
Girl you're never alone
Girl you know I'll always careYou don't have to worry, I'm gonna be by your side
Even when times are hard, just count on me
You will never face your biggest problems alone
I will always careYou don't have to worry, I'm gonna be by your side
Even when times are hard, just count on me
Ooh, I will be there just to guide you
Girl, you're never alone
Girl, you know I'll always care
