## Ten Foot Pole

Life's so unfair, you thought  
Then turned on your TV  
Life's so unfair you sobbed  
Then picked up the keys You lock your castle door behind you  
To go for a ride  
Your shiny car roars as you think  
Of what you've been denied No one understands your mind  
No one ever tried  
No one has a clue  
Of what you are inside And I lie  
But I believe myself  
And the truth hurts  
More than anything else Drowning in self pity, killing time  
It helps me to write the words  
To think about the grime  
And if you piss me off  
Please don't apologize My anger drives conviction  
As I proclaim these silly lies  
If you don't believe me  
Just read between the lines No one has a clue  
Of what's behind these eyes  
And I lie
