

Feet Wet

Corey Smith

I got my sunglasses on, yeah it's all about the attitude
Like life's a long summer and the world's just a big round swimming pool
Today I ain't in a rush the water ain't going nowhere
So I'm taking it in through a polarized lens to soften the glare
The pavement gets hot, it's been burning my soul
So I'm sittin' on a ledge with my legs hanging down in the watering hole
Chorus: I could take a plunge but hey
why bother
Everything looks fuzzy when you're underwater
I can hold my breath but I ain't gettin' in over my head
I'm good right now just gettin' my feet wet, uh huh
Gettin' my feet wet
Gently down the street, yeah I'm keepin' it cool
Like life's a lazy river and I'm floatin' down it on an inner tube
Swirling around, taking in the scenery
I hear the birds in the trees and it sounds like they're all singing to me
I'm half asleep but I'm wide awake
And everything in this scene seems more like a dream with every breath I take
Chorus: I could take a plunge but
hey why bother
Everything looks fuzzy when you're underwater
I can hold my breath but I ain't gettin' in over my head
I'm good right now I'm just gettin' my feet wet
Yeah, I remember when I'm jumping headfirst off the diving
board
Hey daddy look at me can you believe I don't need those wings anymore
Learning to swim it makes us brave
But the older we get the more we sit back and let the kids make waves
Chorus: I can swim like a fish but hey
why bother
I got a drink in my hand it's going down like water
I ain't afraid of drowning but I ain't gettin' in over my head, not today
I'm good right now, I'm good right now
I'm good right now gettin' my feet wet, uh huh
Gettin' my feet wet
