Setting Fire to Sleeping Giants

The Dillinger Escape Plan

First Off
Let me Say
You look so tired
Rest your head and shut your eyes
Empty ambition blankets the sky
I'm thinking 'bout another world...

TTTOOOONNNNNIIIIIIIIIIIIGGHHHHHHTTTT!!! RAHR RAHR RAAAHHH!!
YOU'RE ON!! YOU'RE ON!! YOU'RE ON!!!

So drop the gown
The game's over
Just push your face into the fight
And it breaks my heart like dancin' up all night
Ride so high we both start thinking 'bout another world tonight
And it feels so wrong LIKE NOTHIN'WE'VE EVER FELT BEFOOOOOOOORRRRE AAAHHHH!!
RRAAHH!! RAAHHH!!
YOU'RE ON!! YOU'RE ON!! YOU'RE OOONN!!

The stranger's candy takes you where you ought to be
In broken alleys in the back of every street
Close your eyes TONIIIGGGHHHTT!!!
BABY YOU CAN HAVE IT!!!!!!
BABY
YOU CAN
HAVE IT!!

(Loungecore...)

Ooh baby gnaw me down to the bone
soon you'll find I'm ever gonna take you back home
well there's so much you never told me and there's not much I want to know
'cause your pretty face will do just fine
You'll be the star of my eery last show
Let's go for a long ride
I'll show you places you won't ever want to be
in broken alleys in the back of every street
tonight we could bring it all down
we could bring it all down
They think this body's a dead note dancing to the beat

but they'll never see this corpse coming
till it kills them
