They know the different breeds  
Of all their favourite steeds  
Bridles on their desks  
Long hair and long necksHorse girls  
Horse girls

They live in a different world  
They know their different breeds  
Of all their favourite steeds  
Bridles on their desks  
Long hair and long necks  
No time for girls or boys  
Horses their only joy  
Makes them feel so aliveHorse girls  
Horse girls

No time for girls or boys  
Horses their only joy  
? Stables for a rideComplete collection of  
All things equestrian  
There's ponies, colts and foals  
Horses are in their souls  
Horse girls  
Horse girls  
They live in a different world  
Complete collection of  
All things equestrian  
There's ponies, colts and foals  
Horses are in their souls
