

# Leaving This

## Novembers Doom

For many years youve been my life, Ive been thankful for our time  
From rainy days to snow filled nights, youve always been there for meAnd nows the time I say farewell, for Im  
leaving this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memoryFor lives Ive touched, and those  
returned, this was only a moment in time  
I need you to know before Im gone, Its always been for youAnd nows the time I say farewell, for Im leaving  
this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memoryI will miss our days of glory, along  
with the hardship and loss  
Its all been a friend to me, in the end, this reflection Ill embraceAnd nows the time I say farewell, for Im leaving  
this all behind me  
To walk away with tears and pride, mourn not the loss, honor the memory
