Soulfully

Catie Curtis

I woke up at 5 o'clock and I couldn't get back to sleep
I kept myself from calling you by watching the TV
But all the faces that I saw they just turned into this
The gentle of your hands and the tender of your kissYou would do me good
Do you think you could, be with, be yeah
You would do me good
Do you think you could be with me soulfully?Last night you found my house you rang the bell for me
I didn't know you very well I didn't know what it would be
But I felt so close to you in so little time
And when you said good night I spilled my glass of wineYou would do me good
Do you think you could be with, be yeah
You would do me good
Do you think you could be with me soulfully?By the hour of 8 a.m. I felt like I'd been up all day
I told myself to let you sleep and then I called you anyway
I woke you up and heard your smile over the phone
And I thought about you lying there aloneYou would do me good
Do you think you could be with, be yeah
You would do me good
Do you think you could be with me soulfully?Do me good
Do you think you could be with, be yeah
You would do me good
Do you think you could be with me soulfully?
