

Gone (That'll Be Me) [Remastered Version]

Dwight Yoakam

That'll be me you'll see
Walking away
That'll be me you'll see
For the last time today
That'll be me you'll see
For not very long
'Cause that'll be me
You'll see
That'll be gone Remember how you warned me
'Bout all your leavin' plans
Well I know this might seem unexpected
So prepare yourself
The best you can That'll be me you'll see
Walking away
That'll be me you'll see
For the last time today
That'll be me you'll see
For not very long
'Cause that'll be me
You'll see
That'll be gone Think back on when you threatened
And never left no doubt
Although this could be kinds sudden
I'm sure you can
Figure it all out That'll be me you'll see
Walking away
That'll be me you'll see
For the last time today
That'll be me you'll see
For not very long
'Cause that'll be me
You'll see
That'll be gone That'll be me you'll see
That'll be gone
