

Hustlaz Ambition

Young Jeezy

Everybody wanna be like me
Yall can be like me
Look at my watch
Look at my wrist
Nothin' like ya man he aint shinin like this
Nothin' like ya man he aint grindin like this
And even if he was, he aint fuckin with cuz I came so far from the bottom
couldnt even see the top
Just as soon as a feel the drought,
Im rippin up every block
Ima good god fearin man with a criminal mind state
Aint nobody gave a shit
and thats why we grind weight
My grandma off in the church
while Im in the refrigerator
In search of the baking soda
right next to the mashed potatoes
She prayin for better days
Im prayin it take this water
Realest done done this shit
put that there on my mothers daughter My ambitions as a hustla
(I wont deny it, I wont deny it)
My ambitions as a hustla
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it) Its Mr. Trap or die (who)
yeah yall remember me
First album was a classic
them critics wasn't feelin me
Now as far as award shows
we all know how that goes
So whats all the doubt about?
because he aint sellin' out?
Because he aint givin up?
because he dont give a fuck?
Because he aint changin up?
I guess he aint lame enough
Aye just know Im savin up let you play with my sanity
Gives a fuck what you think of me less you feedin my family

Mother fuck all my enemies
one time for my mini me's
Listen at these niggas
I bet you hear plenty me
im who they pretend to be
did what they pretend to do
See me Im a hustla I do what my hustlaz do My ambitions as a hustla
(I wont deny it, I wont deny it)
My ambitions as a hustla
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it) Might not just be the best
just know I plan to be
I refuse to let suckers win
but that's just the man in me
Look it could be the G in me
these niggas aint seein me
Unless they see me in traffic
in something topless and drastic
I say I grind like there 10 of me
swear to god theres just one of me
Look I know I aint there yet j
ust know that Im gonna be
I couldnt wait to see the day I could change where my momma stay
Put the b.s. behind me theres too much money in front of me My ambitions as a hustla
(I wont deny it, I wont deny it)
My ambitions as a hustla
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it)
(I wont deny it Im a straight hustla, I wont deny it)
